

ST. CHARLES SCHOOL CODE OF CONDUCT

As a member of Peaceful Schools International and in compliance with the Safe and Caring Schools Policy, St. Charles School is committed to providing a safe and respectful environment for all our students, staff, and community. To that end, St. Charles School will uphold the following code of conduct. This code of conduct applies to all members of the community who attend St. Charles School. Our community will encourage behaviors that promote a positive learning environment, and a sense of community and responsibility.

A member of the St. Charles School community includes students, staff, parents, guests, and volunteers.

Inappropriate and unacceptable behaviors shown by **any member** of the St. Charles community include:

A St. Charles student:

It is the responsibility of the school to take action when behavior that is considered to be bullying has an adverse impact on the learning and social environment of the school.

Bullying is defined as:

A repeated direct or indirect behavior, comment, act, or gesture whether deliberate or not, including in cyberspace, which occurs in a context where there is a power imbalance between the persons concerned and which causes distress, and injures, hurts, oppresses, intimidates, or ostracizes.

Violence is defined as:

Any intentional demonstration of verbal, written, physical, psychological, or sexual force, which causes distress and injures, hurts, or oppresses a person by attacking their psychological or physical integrity or wellbeing, or their rights or property.

If a student chooses to contravene the rules laid out in the code of conduct, the student may receive one or more of the following consequences:

- Immediate intervention with the student by staff members
- Temporary confiscation of forbidden object
- Communication with parents (telephone, incident report, letter, email)
- Detention
- Loss of recess and/or lunch and/or daycare outside play privileges
- Reflection time/assigned time in the office
- Loss of field trip privileges
- Loss of grad activity privileges (where applicable)
- Loss of extra-curricular privileges
- Loss of bus privileges
- In school meeting with the parents and the child
- In school suspension
- Out of school suspension
- Conference with the principal and/or teacher
- Community service either inside or outside of the school setting
- Replacement of and/or payment of any damaged or mistreated items belonging to the school
- Transfer to another school in LBPSB

If the problem continues, an individual discipline plan involving school professionals and parents may be developed.

The administration and staff will impose consequences for behavior based on the severity and/or repetitive nature of the behavior as well as the circumstances of the situation. It should be noted that sanctions are applied with the understanding that the long term goal is the rehabilitation and reintegration of the student who behaves in an inappropriate or unacceptable manner, but that the safety of all students is always the primary focus.

I have read and understand the St. Charles School Code of Conduct.
